PRODUCT SPECIFICATION SHEET

Nimbus Progenitor Series E-Drum

RM2,800
Listed instrument price, confirmed 23 October 2026.

Two-year warranty
Duration confirmed by Soma Music on 6 November 2026. Ask for coverage and claim terms.

Acoustic-style layout with mesh snare and toms. Compare reach, pedal control and the complete package before choosing.

Promotional overhead photograph supplied by Soma Music; it shows the module and cabling. Photographed equipment does not establish all package inclusions.

Published drum and cymbal specifications

Snare	12 x 3.5-inch triple-zone mesh snare; Nimbus labels the zones head, rimshot and rim.
Toms	Two 10-inch mesh toms and one 12-inch mesh floor tom.
Bass drum	16 x 13-inch. Supplied pedal and triggering configuration require confirmation.
Hi-hat	11-inch. Stand, control mechanism and supported transitions require confirmation.
Crash cymbals	Two 13-inch two-zone cymbals with choke; zone count confirmed by Soma Music on 8 November 2026.
Ride cymbal	13-inch three-zone ride with choke. Three zones confirmed by Soma Music on 8 November 2026, correcting the older launch-caption wording.
Instrument format	Shell-style electronic drum kit with separate drums, cymbals and pedals. D-1000 / CPD-1000 is a different, portable Nimbus model.

Sources: Nimbus launch information [1], checked 1 November 2026, plus Soma Music clarification [2], 8 November 2026: three-zone ride, two-zone crashes. These are published or retailer-confirmed details, not independently measured results. Confirm the supplied revision.

MODULE, BUYING DETAILS & VIDEOS

Know what is confirmed.

Kits and songs	13 built-in kits, 8 customisable user kits and 30 demo songs. [1]
Audio and practice	Bluetooth audio, MIDI functionality, built-in recording and headphone output are listed by Nimbus. [1]
Connection details	Exact module model, MIDI connector, recording/export workflow and USB-audio support still require confirmation. Bluetooth audio does not establish Bluetooth MIDI or wireless-headphone monitoring.
Package and room space	Confirm every supplied stand, pedal, cable and accessory. Assembled width/depth, total footprint with throne and player, weight and power requirements are not documented in the available source.
Stock and delivery	In-stock status was confirmed on 23 October 2026. Reconfirm current stock. Delivery throughout Malaysia includes Sabah and Sarawak; charges, timing and assembly are quoted separately. [2]
Warranty	Two years for Progenitor; coverage, exclusions and claim arrangements must be confirmed with Soma Music. This differs from D-1000 / CPD-1000's one-year term. [2]

Watch the actual kit at Soma Music

Drum cover - approximately 54 seconds
Edited performance showing the player and kit. Backing music and editing are present; the recording chain is not documented.

Product close-up - approximately 73 seconds
Pad, cymbal, pedal and module views. Visual footage and captions do not establish measured response or every connection feature.

Both videos were published on Soma Music's website on 5 November 2026. Headphones reduce amplified sound, but pad impacts and pedal vibration remain. These clips are not controlled noise or latency tests.
